Ascot Media Group
Recommendation of Performance

To Whom It May Concern:

Ascot Media Group was paramount to the success of my National Campaign to launch Actors Gem Productions across the US at the beginning of year 2007. Their commitment to my business provided me with national recognition in all areas of media to include world-wide internet publications, radio spots, print articles, news coverage's and television talk show interviews.

My client activity increased by 70% with a continued escalation in demand. I highly recommend Ascot Media Group for anyone interested and ready to support the substantial increase of attention you will receive due to their involvement with your endeavor.

Best regards,
Bobbie Winslow
